https://github.com/Salai-Kowshikan

SKILLS

Unity (beginner level)

Web development

Writing (both fictional

and technical)

EDUCATION

College of engineering
Guindy, Anna University
**2022-2026 (Yet to
graduate)**
BTech in Information
Technology
CGPA: 8.65

HSC **(2022**) and SSLC
(2020) in Mount Zion
Matriculation Higher
Secondary School,
Pudukkottai.
HSC: 98.4%
SSLC: 94.7%

PROFILE

An aspiring UG student with keen passion in Web and Game development. I have worked on small personal projects with Unity (mostly 2D). I am also through the process of learning React for web development and recently I came across the domain of Machine learning which I would like to explore further within the near future. Though my skillset is rather small, I can assure that I will be able to put in the time and effort to learn and to work on any project from domains of my interest.

EXPERIENCE

ACHIEVEMENTS AND PROJECTS

- 1st place in Webtrix (Web development contest) – Organized by ISTA at the intra-college department symposium (i++ 2023)
- 1st place in Techlit – A intercollege contest where technology meets literature, organized by CSAU at Techofes 2023
- Worked on the UI of a website for a college project – It's a streaming website with a gallery-style UI

LEARNING

- Studying Web development, Game development and Machine learning through Udemy.

OTHERS

- NSS volunteer (Unit 10 of CEG)
- Volunteered for Kurukshetra 2023
- A writer for CodeSapiens Medium page – CodeSapiens is a community that bridges tech-savvy people from various colleges across Tamil Nadu
